

FOOD SAFARI

www.foodsafari.co.uk

Food Safari runs events and workshops that give you behind-the-scenes access to some of Suffolk's best loved food and drinks producers. We specialise in Field to Fork days which provide a complete food experience, in many cases combining farm walks and tours with hands-on workshops and cookery demonstrations.

We aim to connect food and drink lovers with dedicated and inspiring producers like *Pinneys of Orford* (oysters and

smoked fish), the *Wild Meat Company* (game), and *Blythburgh Pork*. You will hear the fascinating stories behind these products, see how they are produced, and even get your hands dirty plucking a pheasant, making sausages or baking bread.

Saturday 16th May, The Anchor at Walberswick. Bring your wellies for a walk around the famous Blythburgh Pigs before returning to The Anchor for a butchery demonstration and to make your own Suffolk sausages. For information contact Polly Robinson
